

WARRANTY APPLICATION FORM

WARRANTY APPLICATION PROCEDURE

The application form must be completed, signed, and sent to Syskern by one of the following methods:

- Email : contact@syskern.com
- Mail address :
Syskern
31 rue Tronchet
75008 Paris - France

This document must be submitted within thirty (30) days after the installation is completed, accompanied by the full and unmodified test reports, retained in their original format.

After receiving the request, Syskern will make a decision within 30 days:

- Either issue the warranty certificate,
- Or inform the installer of a rejection or request additional information.

Launch coil length	

WARRANTY APPLICATION FORM

DECLARATION OF THE INSTALLER

I declare that the information provided in this form is accurate.

I confirm that each connection of the installation related to this warranty request has been tested individually in accordance with the standard mentioned in this form, and that the test report list provided corresponds strictly to the results of tests carried out on-site.

I certify that the cabling infrastructure was designed and installed in compliance with current professional standards (EN 50174-1, EN 50174-2, ISO/IEC 14763-2).

Attached to this form, I am submitting the full test reports in their original format (non-PDF) for all the connections covered by the warranty request.
