UNIK ✓

- Elegant and minimalist design.
- Automatic grounding at the front and grounding connection for shielded connectors.
- Quick identification with silk screen.
- Rear support bar with secure attachment in T shape.
- Pre-cut 19-inch mounting slots for quick one-hand installation.

THE PURPOSE

19-inch patch panel with rear support bar. Designed to accommodate 48 shielded or unshielded Keystone jacks in 2U.
The galvanized front plate ensures automatic grounding through its contact with the rack upon installation.
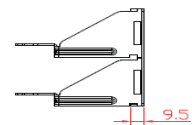

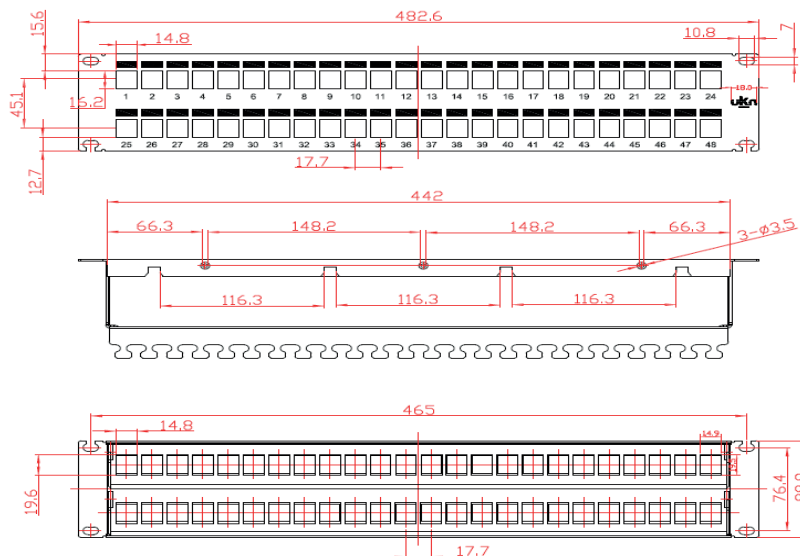

Made with high-quality materials to ensure reliability over years of use.

Identification is facilited by silk-screened numbers from 1 to 48.

THE STRUCTURE

Dimensions : (L)482.6mm x (l)43.8mm x (P)91.5mm

**Material :** Steel and galvanized steel
