LC Duplex Adapter Twin Core with short flange

**UNIK** ✓

- ✓ Compact Design with short flange
- ✓ High-Precision Alignment
- ✓ Durable construction
- ✓ Integrated Mounting Clips

## THE PURPOSE

The UNIKKERN LC twin-core adapter with a short flange is designed to connect two LC duplex connectors, facilitating efficient fiber optic connections. Its compact design with a reduced flange size allows for higher-density installations, optimizing space within patch panels and enclosures. Equipped with zirconia ceramic alignment sleeves, it ensures precise mating of connectors, resulting in low insertion loss and reliable performance.

The adapter's lightweight and durable construction, often featuring integrated mounting clips, enables easy snap-in installation, simplifying the setup process.
